

Completely Compliant? Completely Confident?

Bridge the gap in your IT delivery and meet the TMA deadline with TMA Safety Net™

Exor's TMA Safety Net gives you compliance while your team puts the finishing touches to your own system.

You get complete peace of mind with no long-term tie-in and the ability to switch back to your own system when you're confident it can deliver. Think of it as your TMA insurance policy.

TMA Safety Net is a hassle free way to ensure TMA compliance for April 1st by utilising our acclaimed street works managed service:

- ◆ Cost effective insurance-based approach
- ◆ Use our service for just as long as you need (no lock-in)
- ◆ No hardware disruption or purchase
- ◆ Retain ownership of your own data
- ◆ Easy transfer back to your own system
